Notes from the Principal

Dear Parents,

Mr. David Schmenk did an outstanding job in organizing this year's Science Fair! He as chair and his committee of devoted volunteers and judges worked tirelessly to make this a memorable experience for everyone involved in the event. Thank you for a job well done!

Walking the halls and working in classrooms, you may have noticed some more new faces at IES. Rosie Striffler is the new ESL aide and Monica Freitas-Slade is a Special Education aide with Mrs. Schildge -yes, first grader Jeremiah's mommie.

Flyers were sent home to 3rd-5th grade parents informing you of the change in dates for administering this year's CRT tests. March 16-19 is the new date and make-ups will be on March 22nd and 23rd ONLY.

Thanks for respecting these new dates since we need 100% participation. And, know that we give these tests in the mornings from the start of school usually until the lunch recess so we need students here on time and please don't make appointments until the afternoon.

To celebrate the history of Incline Village and Crystal Bay, there is a poster contest for grades 1-5 supported by the community committee and the contest will end March 31st. Classroom teachers have the contest rules so check with your child to see if they are planning on entering a poster.

Thank you for your continued support of all of our IES activities.

Kathleen Watty, Principal

Positive Behavior Support

At Incline Elementary School teachers and staff are focusing on Positive Behavior Support. Students are aware of behavior expectations and teachers and staff are paying special attention to children acting appropriately. Please ask your student about how he/she is being respectful, responsible, and safe and have him/her explain Howls and Growls
